SUMMARY

Final-year Computer Science and Engineering with expertise in full stack web development, UI/UX design, and Android development. Proficient in Python, Java, Django, MySQL, and data structures & algorithms. Experience in developing and integrating solutions for real-world applications, collaborating in fast-paced environments, and contributing to impactful projects. Proven problem-solving abilities through competitive rankings and hackathons.

EDUCATION

Bachelor of Engineering (BE) in Computer Science, Rajeev Institute of Technology   Expected 2025

At Rajeev Institute of Technology, my academic journey in Computer Science has given me a diverse skill set, and my current grade standing is a 9.0 CGPA

SKILLS

- **Technical Skills**   Python, Java, C/C++, Android, Django, Data structures & algorithms, Web Development

- **Tools & Technologies**   UI/UX Designing (Figma), Git, GitHub, MySQL, SQLite

EXPERIENCE

Full Stack Web Developer   Dec 2023 - Jan 2024

Varcon's Technologies Pvt. Ltd.   *Bengaluru, Karnataka*

- Developed a full-stack web application for Ignyt-The Beer Lounge using Django, enhancing user interface responsiveness, and improving overall website performance.
- Designed and implemented a database system with SQLite to manage and process client data.

Soft Skills & Microsoft Office   Oct 2022 - Oct 2022

10 Seconds   *Hassan, Karnataka*

- I acquired a comprehensive set of skills essential for professional development and effective workplace communication. Through hands-on experience, I honed various soft skills indispensable for career success.

PROJECTS

- **Inspyr AI:** A project on Generative AI called 'Inspyr AI' for our VTU 7th semester curriculum. It generates images and websites from user prompts. We chose Django for building dynamic web applications, and OpenAI as our AI model.
- **BMI Calculator:** BMI Calculator is a simple and user-friendly BMI (Body Mass Index) calculator app developed for personal health tracking. The app allows users to input their weight and height, and it calculates their BMI, providing valuable insights into their overall health.
- **Digital Steno:** Digital Steno is an all-in-one app offering features like translation, keyword search, OCR, and note export to PDF or TXT, saving time, storage, and effort.

CERTIFICATIONS

- NPTEL – The Joy of Computing Using Python

AWARDS & ACHIEVEMENTS

- TeckKriti '24 - One of the dedicated coordinators for TechKriti '24, a state-level tech fest.
- Runner of Coding Hackathon | Tech Connect - 2K23
- AIR 2885 at Coding Ninjas Codekaze-Sep'24 during Naukri Engineers Week
- Winner of UI/UX Design Hackathon
